Richard Temple....Is a second bass and he is a accomplished singer. He says... I am 81 and live in Carey Gully, about 20 minutes from Lobethal. I travel the road regularly as I have a daughter who lives up the road on Bartholomew Ave! And another daughter and son in other parts of Adelaide and I have just become a great grandfather but they live in Darwin. I'm a widower as my wife died 5 years ago. I'm an import to Adelaide arriving here in 1974, so still not quite local. I was born in India, moved to Ireland, and then brought up in Newcastle from age 6. Moved to Sydney for study and work as an electronic engineer. Work sent me to Adelaide, we liked it so I chucked the job and joined TAFE, as a lecturer and finally IT officer for Trees of Life. Work has taken me overseas for a total of 5 years, Belgium, Indonesia (3times) and Pakistan. I love travel, 40 countries visited so far. I'm retired now for 12 years and occupy myself with volunteering (see over page)

The caterers are requesting payment for the Dinner \$35 per head. Payment to J Wittwer soon please. We did have 12 people who had indicated in going. Our songs will be sung in the first half of the program.

Posters for Concert on Sunday 21st July..... Copies are available for you to take., and leaflets that can be distributed to people who maybe interested in hearing a combined choir.

Thomas Edmonds book....Thomas has written a book called,"Ev'ry Valley" he will come to one of our practices and provide a background to his recollections. Thomas visited us on numerous occasions when Beryl Powell was the Music Director.

Richard Temple continued..... as a CFS firefighter, with Stirling Library, Uraidla Red Shed, Meals on Wheels and National Parks. I love the bush, have travelled a fair bit with 4WD in the Outback, but now limit myself to caravanning, preferably in national parks. Oh I forgot, I have 7 sheep which occasionally take up my time. Baaaa I think they're boss.

In my early twenties I was lead bass in a Sydney city youth choir but then no singing until four years ago when I joined a special choir for cancer patients. Anyone could join, they sang only pop music most of which I did not know. They sang mostly in unison although sometimes with female descant. Never any bass parts, sometimes sheet music was available. After a couple of years I gave up on this. LHC is great.
